

DOCTOR • WHO

GADGET: INFOSTAMP

Data Storage: Holds unlimited data on one subject.

One Shot: Can unleash a pulse of raw energy causing 8 (4/8/12). Against Cybermen, armour is ignored.

Backfire: If a roll fails with a Bad or Disastrous Result when trying to use an Infostamp, the information can backfire and actually replace some of the user's own memories.

STORY POINTS 2

GADGET: CYBER CONVERSION TABLE

Cyber-Conversion: Takes 5 minutes to convert a human into a Cyberman in rushed conditions, or 10 minutes during normal operation.

Fear Factor (3): Terrifying to behold unless you are well trained in self control or have seen alien technology. Characters seeing the table in action receive a -6 penalty to avoid being frightened.

Weakness (Major): The conversion table requires a lot of power. Without it, the Cyber Conversion Table will not function.

STORY POINTS 4

GADGET: CYBER EARPIECES AND EARPOD

Possess - The Cyberman in control gains +4 on their roll to assume control of the victim.

Traits: Possess, Transmit

STORY POINTS 0

GADGET: GRASKE DIMENSION PISTOL

This high-tech weapon has various settings:

- Imprison a target in one of various dimensions or worlds (Limbo is the preferred choice).
- Stun a target.
- Freeze a target in time (temporarily) lasting 60 (30/60/90) seconds.
- The weapon does have a damaging attack 5 (2/5/6), but the Graske prefer not to kill unless absolutely necessary.

STORY POINTS 4

GADGET: DIGITAL ASSISTANT

Can scan a life form and identify its point of origin.

Trait: Scan

STORY POINTS 4

GADGET: JUDOON SCANNER/TRANSLATOR

The Translator works on all languages after it has been identified. The genetic scan provides a +3 bonus when identifying species.

Traits: Scan, Transmit

STORY POINTS 2

DOCTOR • WHO

GADGET: TELEPORT BRACELET

Novice Hame used a teleportation bracelet to retrieve the Doctor from the Motorway beneath New New York. It could also control local electronics.

Traits: Open/Close, Transmit, Teleport
